artist-support program**

**Artist's guide: CAM + MAI joint fellowship in dance  
2022-2023**

## Application guidelines

### Program description

Hosting 10-15 artists, collectives and companies per year, the Alliance artist support program offers participating artists individual guidance and coordination support, as well as providing special allocations that help cover a wide range of creative and professional needs.

The Alliance program supports artists working in and from positions of marginality and who are committed to pursuing relevant, rigorous and hybrid artistic practices. The program is especially geared to artists in the early stages of their careers, as well as older artists (55 years and older) and those otherwise looking to find their place in the city's artistic milieu.

We welcome proposals from visible and invisible minorities, including Deaf artists and artists with disabilities, members of the LGBTQQIP2SAA community, racialized and recently immigrated artists, and artists of First Nations, Métis, and Inuit descent.

### One program, three streams

Artists can apply to three different streams within the Alliance program: the regular program, joint fellowship, and punctual support. This document presents the application guidelines for the **CAM + MAI joint fellowship in dance**.

If you are interested in learning about the **general program** and/or **punctual support** streams, they have separate guidelines, which you will find on the MAI website.

Artists can submit proposals in more than one stream simultaneously (maximum one submission per stream).

- A \$3,000 allocation from CAM towards work with an artistic advisor
- A \$5,000 creation grant from CAM

The MAI's support includes:

- A special allocation from the MAI between \$5,000 and \$10,000, which can be used to cover a range of artistic and professional services (see **Appendix A** for a description of the MAI allocation and admissible and inadmissible expenses)
- A 5-day technical residency in the MAI's theatre (35 hours)

### **Other conditions**

The assistance provided is one-time and non-recurring

The choreographer (or head of the collective) selected must go to the CAM website <https://www.artsmontreal.org/en/artists/rental>, and reserve 100 hours of studio space between the end of October 2022 and the end of July 2023, depending on the performance dates offered by MAI.

In the “project description” portion of their application, candidates must provide the name of the artistic advisor who will guide them in their creation project. The Conseil des arts de Montréal must approve the candidate’s choice of artistic advisor. If judged unsuitable, the Conseil will work with the choreographer to find an advisor who is acceptable to both parties.
